Timeline of disability rights in the United States Although the disability rights movement itself began in the 1960s, advocacy for the rights of people with disabilities started much earlier and continues to the present. *Jablonski by Pahls v. 2d 391* (9th Cir. United States, 712 F. 1983) is a landmark case in which the 9th Circuit Court of Appeals determined that a mental health This disability rights timeline lists events relating to the civil rights of people with disabilities in the United States of America, including court decisions, the passage of legislation, activists' actions, significant abuses of people with disabilities, and the founding of various organizations d83a229ef5

In a blast furnace, fuel (coke), ores, and flux (limestone) are continuously supplied through the top of the furnace, while a hot blast of (sometimes oxygen-enriched) air is blown into the lower section of the furnace through a series of pipes called tuyeres, so that the chemical reactions take place throughout the furnace as the material falls downward. The end products are usually molten metal and slag phases tapped from the bottom, and flue gases exiting from the top. The downward flow of the ore along with the flux in contact with an upflow of hot, carbon...
