Private property Private property is distinguishable from public property, which is owned by a state entity, and from collective or cooperative property, which is owned by one or more non-governmental entities. Private property is foundational to capitalism, an economic system based on the private ownership of the means of production and their operation for profit. As a legal concept, private property is defined and enforced by a country's political system. Private property is a legal designation for the ownership of property by non-governmental legal entities. It is also sometimes used as a synonym for deregulation when a heavily regulated private company or industry becomes less regulated. Government functions and services may also be privatised (which may also be known as "franchising" or "out-sourcing"); in this case, private entities are tasked with the implementation of government programs or performance of government services that had previously been the purview of state-run agencies. Some examples include revenue collection, law enforcement, water supply, and prison management d224c3e42f

In absolute antiquity, the native Mesopotamians had no term for the concept of property. The majority of legal documents from Mesopotamia, however, are overwhelmingly concerned with the proper disposition of what modern people would call "property" and with ensuring legal, unchallengeable, and fair treatment of individuals with property claims. While there were no laws prohibiting the alienation—that is, the buying and selling—of land, written records from Mesopotamia indicate a tendency against it. Measures were taken to keep land within a family and to prevent it from being broken down into plots too small to be viable agriculturally... d224c3e42f In the untyped lambda calculus, all functions are higher-order; in a typed lambda calculus, from which most functional programming languages are derived, higher-order functions that take one function as argument are values with types of the form d224c3e42f In jurisdictions that allow private police, private police may be employed and paid for by a non-governmental agency, such as a railroads, ports, campuses, nuclear facilities, and hospitals and other "special police" but they are peace officers or law enforcement officers who are commissioned, licensed, and regulated by the state. In a small town in Northern England in 1947, the citizens endure continuing food rationing, resulting from World War II. Some local businessmen plan a party to celebrate the royal Wedding of Princess Elizabeth to Prince Philip and decide to illegally raise an unregistered pig for that occasion. However, the pig is stolen by chiropodist Gilbert Chilvers, who was encouraged to do so by his domineering and snobbish wife Joyce. Meanwhile, the local food inspector is determined to stop activities circumventing the food rationing. d224c3e42f
