Dr. Kalam dedicated Ignited Minds to an intermediate school child he met at a school. While talking to students, a question came up: "Who is our enemy?" Kalam recalled that many answers were given, but the one which all agreed upon came from student Snehal Thakkar: "Our enemy is poverty." This small book of 205 pages examines attitudes afflicting Indians today and presents prescriptions for the rapid growth of India to enable the country to emerge as a developed country. Kalam addressed the book to the young citizens of India. The book saw increased demand following the death of Dr. Abdul Kalam in 2015. 940677ee04

Ultraluminous X-ray source It is not known what powers ULXs; models include beamed emission of stellar mass objects, accreting intermediate-mass black holes, and super-Eddington emission. ULXs were first discovered In astronomy and astrophysics, an ultraluminous X-ray source (ULX) is less luminous than an active galactic nucleus but more consistently luminous than any known stellar process (over  $10^{39}$  erg/s, or  $10^{32}$  watts), assuming that it radiates isotropically (the same in all directions). The main interest in ULXs stems from their luminosity exceeding the Eddington luminosity of neutron stars and even stellar black holes. The Milky Way has not been shown to contain an ULX, although SS 433 is a candidate. ULXs; models include beamed emission of stellar mass objects, accreting intermediate-mass black holes, and super-Eddington emission. Typically there is about one ULX per galaxy in galaxies which host them, but some galaxies contain many 940677ee04

NGC 1042 is a low-luminosity active galaxy. Furthermore, its luminosity class is III-IV and it has a broad H I line. It is known that NGC 1042 also hosts an intermediate-mass black hole in

its center. 940677ee04

Generally, a state supreme court, like most appellate tribunals, is exclusively for hearing appeals of legal issues. Although state supreme court rulings on matters of state law are final, rulings on matters of federal law (generally made under the state court's concurrent jurisdiction) can be appealed to the Supreme Court of the United States. Each state supreme court consists of a panel of judges selected by methods outlined in the state constitution. Among the most common methods for selection are gubernatorial appointment... 940677ee04
