List of secondary education systems by country Secondary education typically takes place after six years of primary education and is followed by higher education, vocational education or employment. examinations. Level 2 or lower secondary education is considered the second and final phase of basic education, and level 3 or upper secondary education is the stage before tertiary education. Every country aims to provide basic education, but the systems and terminology remain unique to them. Most private high schools offer Cambridge International Examinations curriculum and conduct Cambridge IGCSE, and GCE Advanced Level for the same Secondary education covers two phases on the ISCED scale

Seychelles is the smallest country in Africa as well as the least populated sovereign African country, with an estimated population of 100,600 in 2022.

Education in Mongolia Many adults benefit from the non-formal distance. The education reforms during communist times were a stark break with traditional education that was often religious and esoteric. However, the move to democracy and free markets in the 1990s has had some negative impacts on education in Mongolia, though these setbacks have been ameliorated

somewhat by an improving economy and policy reforms. Among the changes was a transition from the traditional Mongolian script, from 1941 to 1946, to the Cyrillic alphabet. These reforms were modeled on the Soviet education system and greatly expanded access to education for Mongolian citizens. Literacy was greatly expanded as most of the population enjoyed free primary school. established, offering Cambridge Pathway (Primary, Checkpoint, IGCSE, AS and A levels). Currently, there are three public schools with Cambridge programs, providing Mongolia's education system has undergone colossal changes in the 20th century 4e7d0c5bb6
