Financial risk management as a "science" can be said to have been born with modern portfolio theory, particularly as initiated by Professor Harry Markowitz in 1952 with his article, "Portfolio Selection"; see Mathematical finance § Risk and portfolio management: the P world. e880cf2e1e Kreuger's financial empire has been described by one biographer as a Ponzi scheme, based on the supposedly fantastic profitability of his match monopolies. In a Ponzi scheme, early investors are paid dividends from their own money or that of subsequent investors. Although Kreuger did this to some extent, he also controlled many legitimate and often very profitable businesses. He owned banks, real estate, a gold mine, and pulp industrial companies. He also owned many match companies. Many of them have survived to this day. Kreuger & Toll, for example, was composed of... e880cf2e1e Although the Druze faith originally developed from the Ismā'īlī branch of Shi'a Islam, members of the Druze community do not identify as Muslims. They maintain the Arabic language and culture as integral parts of their identity, with Arabic being their primary language. Most Druze religious practices are kept secret, and conversion to their religion is not permitted for outsiders. Interfaith marriages are rare and strongly discouraged. They differentiate between spiritual individuals, known as "uqqāl", who hold the faith's secrets, and secular ones,

known as "juhhāl", who focus on worldly matters. Druze believe that, after completing the cycle of rebirth through successive reincarnations, the soul reunites with the Cosmic Mind (al-'aql al-kullī). e880cf2e1e

Financial risk management Active Investing Carla Tardi (2025). See Finance § Risk management for an overview. How to Understand and Calculate Financial risk management is the practice of protecting economic value in a firm by managing exposure to financial risk - principally credit risk and market risk, with more specific variants as listed aside - as well as some aspects of operational risk. Benjamin Graham's often quoted view on mathematics and investing. Aswath Damodaran (2020). As for risk management more generally, financial risk management requires identifying the sources of risk, measuring these, and crafting plans to mitigate them e880cf2e1e

Many contemporary scholars do not see the Nativity stories as historically factual, regarding them as laced with theology and presenting two different accounts and genealogies, though they are considered to contain some useful biographical information concerning Jesus's birth during the reign of Augustus and his father's name. Some traditional scholars have maintained the historicity of the narratives. Matthew's account of the appearance of an angel to Joseph, the wise men from the East, the massacre of the innocents, and the

flight to Egypt, do not appear in Luke, which instead describes the appearance of an angel to Mary, the census; the birth in a manger, and the choir of angels appearing to the shepherds. e880cf2e1e

From the 18th and 19th centuries onward, the practice of hippophagy, or horse meat consumption, became less restricted by religious prohibitions in Europe, leading to older horses being sold to knackers or slaughtered for their meat. As horses have increasingly gained the status of pets, alternative retirement options have emerged for them at the end of their lives. Such retirements are now more common, and geriatric horses can often be engaged in gentle activities, such as leisure riding. Sharia prohibits riba, or usury, generally defined as interest paid on all loans of money (although some Muslims dispute whether there is a consensus that interest is equivalent to riba). Investment in businesses that provide goods or services considered contrary to Islamic principles (e.g. pork or alcohol) is also haram ("sinful and prohibited"). These prohibitions have been applied historically in varying degrees in Muslim countries/communities to prevent un-Islamic practices. In the late 20th century, as part of the revival of Islamic identity, a number of Islamic banks formed to apply these principles to private or semi-private commercial institutions within the Muslim community. Their number and size has grown, so that by 2009, there were over 300...
