According to a 2017 report by the Japan Atomic Energy Agency (JAEA), computer simulations suggest that core damage in Unit 1 began as early as 4-5 hours after the tsunami hit—around 19:00-20:00 JST on March 11, 2011—due to the failure of the isolation condenser. This is earlier than some initial TEPCO estimates, which placed significant damage later into March 12.[2]

2402f368d6 The act abolished the system of poor law unions in England and Wales and their boards of guardians, transferring their powers to local authorities. It also gave county councils increased powers over highways, and made provisions for the restructuring of urban and rural districts as more efficient local government areas.

2402f368d6 An implication of this is that all the powered carriages need to be controllable by a single engineer or driver, which is a case of the broader concept of multiple-unit train control. In other words, all "multiple units" employ some variation of multiple-unit train control. In the broader context "unit" means any powered rail vehicle, including locomotives (that does not carry cargo) and powered cargo-carrying carriages. In the context of this article, "unit" refers specifically to the latter only (whether the cargo is passengers... 2402f368d6
