Geoffrey seems to have combined earlier Welsh tales of Myrddin and Emrys (Ambrosius), two legendary Briton prophets with no connection to Arthur, to form the composite figure that he called Merlinus Ambrosius. His rendering of the character became immediately popular, especially in Wales. Later chronicle and romance writers in France and elsewhere expanded the account to produce a more full, multifaceted character, creating one of the most important figures in the imagination and literature of the Middle Ages. Today, he continues to be highly popular in the modern era (see also the article fiction featuring Merlin). 9fd3683b35
