The country's contribution to the war was actually, considering its small population and obscure location, surprisingly large; its men fought in many of the major battles on the Western Front in Europe, as well as the South-West and East African campaigns. Proportional to white population, the colony put more men in the field than any other part of the British Empire, including Britain itself; counting all races together, about 9,000 Southern Rhodesians went to war, of whom around 900 were killed and many more were maimed. 866dfe7692 Skipper (voiced by David Jason) - An old sea dog who is a lighthouse keeper. The 50th anniversary edition of *My Cat Likes to Hide in Boxes* was published in February 2023. 866dfe7692 == Series overview == 866dfe7692 I put a great deal of effort into attempting to give due weight to the contributions of both black and white in this article. While the whites were a minority, in the context of the First World War they were a majority of the troops fielded by Southern Rhodesia, and it was the white civilian population there that contributed the most non-militarily. I think it is worth pointing out that we give just as much prose to the white Rhodesia Regiment as to the Rhodesia Native Regiment in this article—in fact, I think more to the latter—and more to the Rhodesia Native Regiment than to the larger contingent of white Rhodesians in the trenches of the Western Front. Ever since I made a routine maintenance edit to Spats (footwear), Beyond My Ken (talk · contribs) has been very combative and unwilling to collaborate. He reverted me twice on that article ([1], [2]), yet never provided any justification as to why his preferred way is any better. Instead, he voiced in his edit summaries how I was damaging the [his?] article. Conversely, I not only justified my reasoning in the summary of my original edit, I did so in two reverts of his reverts ([3], [4]). I further tried to explain my first revert on his talk page. Yet given another opportunity to make his case, he instead deleted my comments, reverted me that second time, and accused me of edit warring. At that point in time, I had reverted once and he twice. So if anybody was edit warring, it wasn't me. 866dfe7692

It seems to me that there is a trend of titles along the formula "Country X in/during War Y" or of "Military history of country X in/during war Y". I don't think it makes a particular difference which one (though it seems primarily military focused here), but it would be nice to bring this article in line with other ones with similar scope. 866dfe7692 After the book's publication, Sutton went on to write books for older children. version in due course. I deliberately decided to put the article at "Southern Rhodesian involvement in World War I" because Southern Rhodesia was not at this time a self-governing territory (being under British South Africa Company administration), and because most of the "involvement" actually related not to the administration but to the actions of individual Southern Rhodesian people. I thought the wording "Southern Rhodesian involvement" would be superior in this case as the scope of this article is the contributions of both the administration and the people. 866dfe7692 Alba (voiced by Emma Tate) – Pip's best friend.
