The Department for Education has drawn up a list of core subjects... ed972909c4 Tech-Levels are generally worked towards over two years and split into a number of parts, with one part studied in each year. The first part is known as the Certificate Level. The second part is known as the Diploma Level and is more in-depth and rigorous than the Certificate Level. The Certificate Level is a qualification in its own right, and the Certificate Units combined with the Diploma units forms the complete Technical Level qualification. T Levels will offer students a mixture... ed972909c4 A number of Commonwealth countries have developed qualifications with the same name as and a similar format to the British A-levels. Obtaining an A-level, or equivalent qualifications... ed972909c4 Students generally study for A-levels over a two-year period. For much of their history, A-levels have been examined by written exams taken at the end of these two years. A more modular approach to examination became common in many subjects starting in the late 1980s, and standard for September 2000 and later cohorts, with students taking their subjects to the half-credit "AS" level after one year and proceeding to full A-level the next year (sometimes in fewer subjects). In 2015, Ofqual decided to... ed972909c4

King's College London Mathematics School The school aims to widen participation in the mathematical sciences by supporting young people from backgrounds currently under-represented in these fields. King's College London Mathematics School is run in partnership with King's College London. The school was inspired by the Kolmogorov Physics and Mathematics School in Moscow, established in 1965 by mathematician Andrey Kolmogorov. to obtain GCSE qualifications at grade 8 or 9 (or previous grade A\*) in Mathematics and either grade 7 or above (or previous grade A or A\*) in Physics King's College London Mathematics School, also known as King's Maths School or KCLMS, is a maths school located in the Lambeth area of London, England ed972909c4

Each GCSE qualification is offered as a specific school subject, with the most commonly awarded ones being English literature, English language, mathematics, science (combined & separate), history, geography, art, design and technology (D&T), business studies, economics, music, and modern foreign languages (e.g., Spanish, French, German) (MFL). ed972909c4 The school opened in 2014 and specialises in mathematics. It has an approximate 14% acceptance rate. In 2018, the school received nearly 500 applications for 70 places. All prospective students are invited to take a written mathematics aptitude test. Those with... ed972909c4

A-level Cambridge International Examinations) and Edexcel International Advanced Level (administered by Pearson Edexcel). The A-level permits students to have potential access to a chosen university they applied to with UCAS points. In Mauritius, A/AS-level qualifications are The A-level (Advanced Level) is a subject-based qualification conferred as part of the General Certificate of Education, as well as a school leaving qualification offered by the educational bodies in the United Kingdom and the educational authorities of British Crown dependencies to students completing secondary or pre-university education. They could be accepted into it should they meet the requirements of the university. They were introduced in England and Wales in 1951 to replace the Higher School Certificate ed972909c4
