Phrasal verbs ordinarily cannot be understood based upon the meanings of the individual parts alone but must be considered as a whole: the meaning is non-compositional and thus unpredictable. Phrasal verbs are differentiated from other classifications of multi-word verbs and free combinations by the criteria of idiomaticity, replacement by a single verb, wh-question formation and particle movement. ff507bff4f

Bescherelle, a type of grammar reference book for conjugating verbs Babel A bilingual dictionary or translation dictionary is a specialized dictionary used to translate

words or phrases from one language to another. Bidirectional bilingual dictionaries usually consist of two sections, each listing words and phrases of one language along with their translation. Other features sometimes present in bilingual dictionaries are lists of phrases, usage and style guides, verb tables, maps. In addition to the translation, a bilingual dictionary usually indicates the part of speech, gender, verb type, declension model and other grammatical clues to help a non-native speaker use the word. Bilingual dictionaries can be unidirectional, meaning that they list the meanings of words of one language in another, or can be bidirectional, allowing translation to and from both languages
