Potts Hill Reservoirs 1 and 2 original Potts Hill site; -Reservoir No. It was designed by Board of Water Supply and Sewerage and built from 1880. The reservoirs are now maintained by the Board's successor, Sydney Water (a corporation owned by the state government). 1 is a relic of an earlier technological period of Sydney water resource management; -it has essential links with Potts Hill Reservoirs 1 and 2 are heritage-listed reservoirs at Cooper Road, Potts Hill, City of Canterbury-Bankstown, New South Wales, Australia. It was added to the New South Wales State Heritage Register on 18 November 1999 b585281f1d

It is concerned with managing an entire production system that converts inputs (in the forms of raw materials, labor, consumables, and energy) into outputs (in the form of goods and services for consumers). Operations management covers sectors like banking systems, hospitals, companies, working with suppliers, customers, and using technology. Operations is one of the major functions in an organization along with supply chains, marketing, finance and human resources. The operations function requires management of both the strategic and day-to-day production of goods and services. b585281f1d
