a618f383a8 With no prior
political experience and low
public recognition, Yang was
widely considered a longshot
candidate by the media during
the early stages of his
campaign. In April 2018, Yang
released *The War on Normal
People*, a book discussing job
displacement, automation, and
universal basic income (UBI),
which were central to his
campaign. Yang's profile
significantly increased in early
2019 after appearing on the
popular podcast *The Joe Rogan
Experience*; he later appeared
on numerous other podcasts,
shows, and interviews. Yang's
rise in notability was
accompanied by the
development of a devoted
online fanbase that was known

as the "Yang Gang". Yang raised about \$41.6 million over the course of his campaign, with the vast majority of donations occurring during the final months of his candidacy. don't see many reliable sources
reporting on this game (an
article needs more than just
one of these and a press
release), and a quick google
search brings up just the
official website (only reliable if

it's notable to begin with), a couple of fan pages (Facebook, Reddit), the storepage on Steam, a Twitch profile, and some articles on giving away beta keys. And while this isn't a real argument for deleting the page, all the article currently says is the most basic description of the game, everything else was removed by me due to it being WP:GAMECRUFT and 'not following MOS:VG. ~ Dissident93 23:38, 28 February 2017 (UTC)reply a618f383a8 Updating the good article nominations process a618f383a8 misc a618f383a8 idea lab a618f383a8 WMF a618f383a8 view a618f383a8 1 March > a618f383a8
