John Howkins' creative economy comprises advertising, architecture, art, crafts, design, fashion, film, music, performing arts, publishing, R&D, software, toys and games, TV and radio, and video games. Some scholars consider that the education industry, including public and private services, are forming a part of the creative industries. There remain, therefore, different definitions of the sector. Last few years delegation from... 98cef4d1bf

Contract A contract typically involves consent to transfer of goods, services, money, or promise to transfer any of those at a future date. Contract law in the majority of civil law jurisdictions A contract is an agreement that specifies certain legally enforceable rights and obligations pertaining to two or more parties. In the event of a breach of contract, the injured party may seek judicial remedies such as damages or equitable remedies such as specific performance or rescission. A binding agreement between actors in international law is known as a treaty. The activities and intentions of the parties entering into a contract may be referred to as contracting. thus the absence of any legal distinction between contracts by deed and other written contracts 98cef4d1bf
