Research has found that child marriages have many long-term negative consequences for child brides and grooms. Girls who marry as children often lack access to education and future career opportunities. It is also common for them to have adverse health effects resulting from early pregnancy and childbirth. Effects on child grooms may include the economic pressure of providing for a household and various constraints in educational and career opportunities. Child marriage is part of the practice of child betrothal, often including civil cohabitation and a court approval of the engagement. Some factors that encourage child marriages include... 81b4679bb8 The term autism was first introduced by Eugen Bleuler in his description of schizophrenia in 1911. The diagnosis of schizophrenia was broader than its modern equivalent; autistic children were often diagnosed with childhood schizophrenia. The earliest research that focused on children who would today be considered autistic was conducted by Grunya Sukhareva starting in the 1920s. In the 1930s and 1940s, Hans Asperger and Leo Kanner described... 81b4679bb8
