Democratic socialism was also heavily influenced by the gradualist form of socialism promoted by the British Fabian Society and Eduard Bernstein's evolutionary socialism. Eric (1988). In the late 1820s, his views shifted, and he became a leading proponent of states' rights, limited government, nullification, and opposition to high tariffs, and distinguished himself as an outspoken defender of American slavery. Born in South Carolina, Calhoun began his political career as a nationalist, modernizer and proponent of a strong federal government and protective tariffs.
