

B E C E Science Questions

Some insects are able to walk on water because 0a251f4ed4 Transplanting of young seedlings is usually done in the evening because? a. darkness promotes rapid growth b. seedlings require less nutrients c. pest attack is minimal d. transpiration is minimal 0a251f4ed4 The function of the platelets in the circulatory 0a251f4ed4 Which of the following substances is a 0a251f4ed4 a. metals b. non-metals DIOLEARN c. semi-metals d. noble gases 0a251f4ed4 Ring worm is a disease which attacks the 0a251f4ed4 Kerosine is able to reach the other end of a 0a251f4ed4 Which of the following processes is used to separate 0a251f4ed4 Subtitles and closed captions 0a251f4ed4 Intro 0a251f4ed4 BECE Science Practical Questions for 2024 (See Solutions) - BECE Science Practical Questions for 2024 (See Solutions) 3 minutes, 5 seconds - BECE Science, Practical **Questions**, for 2024 (See Solutions) #bece, #bece2024 #best. 0a251f4ed4 Which of the following chemical equations 0a251f4ed4 Which of the following life activities are common 0a251f4ed4 a. wheelbarrow b. sugar tongs LEARN c. pair of scissor d. crowbar 0a251f4ed4 The chemical solution that can be used to test for the presence of protein in food 0a251f4ed4 B.E.C.E 2019 Integrated Science Objectives 2019(1-40) - B.E.C.E 2019 Integrated Science Objectives 2019(1-40) 30 minutes - \"A man cannot know where he/she is going, unless he first knows where he/she is coming from\". It is good to solve past **questions**, ... 0a251f4ed4 Playback 0a251f4ed4 A balanced diet is one which is made up of 0a251f4ed4 known as a. mechanical energy b. heat energy DIOLEARN c. solar energy d. nuclear energy 0a251f4ed4 The process that takes place when the sperm 0a251f4ed4 a. sound energy b. mechanical energy c. chemical energy d. heat energy 0a251f4ed4 The study of the soil profile of an area helps the 0a251f4ed4 The part of the soil that is most important for 0a251f4ed4 What is the chemical symbol for silver? 0a251f4ed4 BECE BASIC SCIENCE 2022 Q1 TO Q20 - BECE BASIC SCIENCE 2022 Q1 TO Q20 17 minutes - BECE, Business studies 2021 past **questions**,. 0a251f4ed4 The removal of waste products from the cells 0a251f4ed4 Which of the following simple machines is a 0a251f4ed4 A metal displaces 5.0cm of water when it is totally immersed. If the mass of the metal is 0a251f4ed4 Which of the substances causes acid rain when 0a251f4ed4 The fifth planet from the sun in the solar system 0a251f4ed4 Digestion of fats and oils in humans starts in 0a251f4ed4 The diagram below represents a circuit symbol in an electronic device. Study it carefully and use it to answer question 22 and 23 0a251f4ed4 Cultural practices are activities undertaken 0a251f4ed4 An example of leafy vegetable crops is 0a251f4ed4 A substance which is made up of the same kind 0a251f4ed4 Global warming is caused by the a. circulation of oxygen in the atmosphere b. excessive release of carbon dioxide into the c. release of hydrogen into the atmosphere d. circulation of nitrogen in the atmosphere 0a251f4ed4 The work done when a force moves a body through a distance of 12 m is 720 J. The force applied is 0a251f4ed4 Power is defined as the 0a251f4ed4 BECE 2025: Basic Science \u0026 Technology Questions □ (Btech, Bscience, PHE, ICT) - BECE 2025: Basic Science \u0026 Technology Questions □ (Btech, Bscience, PHE, ICT) 28 minutes - Pass the **BECE**, 2025: Basic **Science**, \u0026 Technology **Questions**, (Btech, Bscience, PHE, ICT) with this video covering the most ... 0a251f4ed4 Which of the following statements about shadow formation is correct? it shows that light rays can 0a251f4ed4 B.E.C.E 2018 Integrated Science Objectives (full) - B.E.C.E 2018 Integrated Science Objectives (full) 21 minutes - \"A man cannot know where he/she is going, unless he first knows where he/she is coming from\". It is good to solve past **questions**, ... 0a251f4ed4 collectively called a. bacteria b. infections 0a251f4ed4 Which of the following statements are true 0a251f4ed4 The type of teeth used by mammals to cut 0a251f4ed4 Which of the following diseases affects the central 0a251f4ed4 An example of soil micro-nutrient is 0a251f4ed4 B.E.C.E 2017 Integrated Science Complete Objective - B.E.C.E 2017 Integrated Science Complete Objective 18 minutes - \"A man cannot know where he/she is going, unless he first knows where he/she is coming from\". It is good to solve past **questions**, ... 0a251f4ed4 Which of the following plants has its leaves modified for strong food? a. ginger b. onion 0a251f4ed4 In a third class lever the 0a251f4ed4 A body has a density of 30g cm⁻³ and volume of 6 cm³. Determine the mass of the body 0a251f4ed4 The gas produced when glucose is oxidized 0a251f4ed4 Fishponds are often stocked using 0a251f4ed4 Chlorine gas is an example of 0a251f4ed4 Which of the following gases helps in rusting? 0a251f4ed4 a. diabetes b. goitre AUDIOLEARN c. kwashiorkor d. scurvy 0a251f4ed4 Which of the following members in a food chain will receive the least energy? 0a251f4ed4 The simplest way of making well water suitable 0a251f4ed4 a. absorption b. reflection DIOLEARN c. refraction d. transmission 0a251f4ed4 The farming system which involves the growing of one type of crop on the same piece of land 0a251f4ed4 used to determine the a. texture of the soil b. drainage of the soil c. capillarity of the soil d. water holding capacity of the soil 0a251f4ed4 9. The reason why alum is added to water during treatment is to a. kill germs b. give taste to water EARN c. make water colourless d. make suspended particles to settle 0a251f4ed4 Which of the following compounds is neutral to 0a251f4ed4 Which of the following life processes is not 0a251f4ed4 The central nervous system consists of the 0a251f4ed4 A the food manufactured by a plant is distributed 0a251f4ed4 The carpel of a flower is amde up of the 0a251f4ed4 Which of the following organisms is likely to 0a251f4ed4 A spot made on a white paper with a given food 0a251f4ed4 2013 B.E.C.E Integrated Science Objective - 2013 B.E.C.E Integrated Science Objective 18 minutes - \"A man cannot know where he/she is going, unless he first knows where he/she is coming from\". It is good to solve past **questions**, ... 0a251f4ed4 The most effective method of controlling soil 0a251f4ed4 The human sex cells are produced in the 0a251f4ed4 The method of purification of water that 0a251f4ed4 BECE 2019 Theory Int. Science Q.2 - BECE 2019 Theory Int. Science Q.2 3 minutes, 30 seconds - \"A man cannot know where he/she is going, unless he first knows where he/she is coming from\". It is good to solve past **questions**, ... 0a251f4ed4 Which of the following food substances is not 0a251f4ed4 The second stage in the life cycle of a 0a251f4ed4 A food web shows how 0a251f4ed4 Which of the following source(s) of energy is/are renewable? 0a251f4ed4 Which of the following blood vessels carries 0a251f4ed4 At which of the positions S, R, Q, P on the lever in the diagram below must a force be applied to lift 0a251f4ed4 Which of the following physical properties 0a251f4ed4 BECE Science 2024/2025 practical questions. Science BECE questions with answers 2024. - BECE Science 2024/2025 practical questions. Science BECE questions with answers 2024. 7 minutes, 7 seconds - Hi family, it has been a while. The actual **Science**, paper is on this channel and I urge you to follow and comment to be part of ... 0a251f4ed4 The chemical symbol C is the symbol for 0a251f4ed4 Day and night occur because the earth 0a251f4ed4 Which of the following processes results in the 0a251f4ed4 The best method for checking erosion on a slope is 0a251f4ed4 could be controlled by hand picking? a. liver fluke b. tapeworm DIOLEARN c. tick d. roundworm 0a251f4ed4 2016 B.E.C.E Integrated Science Objectives - 2016 B.E.C.E Integrated Science Objectives 19 minutes - \"A man cannot know where

he/she is going, unless he first knows where he/she is coming from". It is good to solve past **questions**, ...

The swollen shoot disease of cocoa is caused by

Plants are different from animals because they

Washing down of soil nutrients beyond the reach of roots of plants is referred to as

a. cooling water to form ice b. adding saliva to cooked yam c. dissolving sugar in water d. mixing iron dust and sand

a. easily catches fire b. dissolves common salt c. sublimes at room temperature d. boils at 100°C

Which of the following statements about

Which of the following sources of energy is

The mosquito and housefly are harmful in that

The use of resistant breeds of farm animals

a. calcium b. copper c. magnesium IOLEARN d. potassium

When a thermometer is put in hot water, the mercury level rises because the mercury increases in

Which of the following chemical equations is balanced

The human male sex cell that takes part in

A cylindrical metal has radius 7cm and height 2cm. Determine the volume of the cylinder.

General

Which of the following parasites is a plant?

a. copulation IOLEARN b. ejaculation c. menstruation d. ovulation

The process by which water vapour moves

Lime juice tastes sour because it is

The basic unit of life is the

An example of intensive system of poultry

The structure in the respiratory system of humans where gaseous exchange occurs is

Photosynthesis is important to living organisms because it produces

a. glucose and oxygen b. glucose and carbon dioxide c. oxygen and carbon dioxide d. water and carbon dioxide

The type of liquid suitable to construct a

2009 B.E.C.E Integrated Science Objectives - 2009 B.E.C.E Integrated Science Objectives 18 minutes - "A man cannot know where he/she is going, unless he first knows where he/she is coming from". It is good to solve past **questions**, ...

Heat is transferred along an iron bar by

Which of the following farm animals is/are housed

Which of the following chemical compounds is used

Useful materials in food that provide

diferent plots of a farmland in a definite cycle is called

a. land rotation b. shifting cultivation ARN C. crop rotation d. mixed cropping

The colour of the neutral wire in an electrical

Which of the following diseases may be associated

A suitable instrument that could be used to measure the internal diameter of a bamboo

Kidneys absorb water from the blood stream of humans through the proces of

Which of the following statements about the negative use of Science and Technolgy is

The blood vessel that carries oxygenated blood from the lungs to the heart is known as

a. pulmonary artery ARN b. pulmonary vein c. vena cana d. aorta

The type of soil which becomes water-logged after rainfall is made up of a large amount of

Keyboard shortcuts

A metal block has a mass of 1.0 kg. What is the volume of the block if its density is

The systematic name of NO, is

a. nitrogen oxide

How many stages does the mosquito go through in its life cycle of development?

The force of attraction between moleules of

The term leaching in soils refers to

Water drains faster through sand than clay because

The introduction of natural enemies to control

Which of the following nutrients is needed

2015 B.E.C.E Integrated Science Objectives - 2015 B.E.C.E Integrated Science Objectives 17 minutes - "A man cannot know where he/she is going, unless he first knows where he/she is coming from". It is good to solve past **questions**, ...

The force which tends to pull an object in a

a. blue b. brown UDIOLEARN c. green d. yellow

The process by which gas changes into liquid

Which of the following activities are cultural practices used in tomato cultivation?

Which of the following statements about bushfires

It is easier to move a heavy load with a crowbar when the

a. effort distance is shorter than the

All veins in the body carry blood that does not contain oxygen with the exception of the

12 Topics for BECE Integrated Science Old Curriculum [Junior WAEC] GES - 12 Topics for BECE Integrated Science Old Curriculum [Junior WAEC] GES 13 minutes, 42 seconds - This is a video showing you all the tips and tricks to help you pass the Basic Education Certificate Exams(**BECE**,) organized by the ...

A load of 10 N is moved through a distance

The vegetable crop that requires staking

BECE 2026 Integrated Science Paper 2 for Revision - BECE 2026 Integrated Science Paper 2 for Revision 39 minutes - A Complete set of **science questions**, for **BECE**, revision for the WAEC 2025 exams. It includes practicals, essays and multiple ...

Which of the following substances is acidic?

2010 B.E.C.E Integrated Science Objectives - 2010 B.E.C.E Integrated Science Objectives 20 minutes - "A man cannot know where he/she is going, unless he first knows where he/she is coming from". It is good to solve past **questions**, ...

In which of the positions Q, R, S, T in the diagram below will a body have the greatest potential

In agricbusiness, middlemen operate within

Which of the following components of human

The farming system that makes effective use of available soil nutrient in a growing season is

The ability of soils to supply the right amounts of essential nutrients to plants is known as

Water that forms readily with soap is said to be

Which of the following agencies is responsible for providing information on the weather and

Oxygen is made available to all cells of the

The instrument used to measure atmosphere

The energy transformation that takes place

Which of the following illustrations shows the correct direction of the lines of force

The force which pulls all objects towards the

An atom of carbon is represented as C.

Spherical Videos

A solar cell produces electrical energy from

The function of the white blood cells in

Intro

Boiling and chlorination are used in water

Search filters

The space occupied by matter

Amino acids are the end-roduts of the

Which of the following organisms is at the

Which of the following organisms improves

Intro

A beneficial effect of wind on the environment

Which of the following substances are carried

A mercury thermometer works on the principle

Which of the following devices converts electrical energy into sound energy?

a. electrical heater b. electrical fan c. washing machine LEARN d. loudspeaker

(BECE) Paper 1: Basic Science Past Questions \u0026 Answers 2024 - (BECE) Paper 1: Basic Science Past Questions \u0026 Answers 2024 18 minutes - The Basic Education Certificate Examination (**BECE**,) is the examination conducted for candidates in their final year of Junior ...

Which of the following factors contribute

Heat is transferred from the bottom of water in

a. hydrogen b. oxygen AUDIOLEARN c. carbon dioxide d. carbon monoxide

In human reproduction, the sperm fertilizers

The most appropriate practice to adopt when growing vegetables in the dry season is

The farm animal which has crop as part of

Which of the following machines works on the

Benedict's solution was added to a mixture

BECE: BASIC SCIENCE 2022 Q1-Q250 - BECE: BASIC SCIENCE 2022 Q1-Q250 17 minutes - BECE, PAST **QUESTIONS**, OF 2022.

Which of the following structures
