International law It establishes norms for states across a broad range of domains, including war and diplomacy, economic relations, and human rights. In international relations, actors are simply the individuals and collective entities, such as states, international organizations, and non-state groups, which can make behavioral choices, whether lawful or unlawful. Rules are formal, typically written expectations that outline required behavior, while norms are informal, often unwritten guidelines about appropriate behavior that are shaped by custom and social practice. International law, also known as public international law and the law of nations, is the set of rules, norms, legal customs and standards that states International law, also known as public international law and the law of nations, is the set of rules, norms, legal customs and standards that states and other actors feel an obligation to, and generally do, obey in their mutual relations 9461953b1b

Business – organization of one or more individuals, engaged in the trade of goods, services, or both to consumers, and the activity of such organizations, also known as "doing business".

Law of Hong Kong There are several sources of law, the primary ones being statutes enacted by the Legislative Council of Hong Kong and case law made by decisions of the courts of Hong Kong. The Basic Law The law of the Hong Kong Special Administrative Region has its foundation in the English common law system, inherited from being a former British colony and dependent territory. the Basic Law until at least 2047, which contrasts the 'socialist system and policies' and 'the previous capitalist system and way of life' 9461953b1b

International labour law The International Labour Organization and the World Trade Organization have been the main international bodies involved in reforming labour markets. International labour law is the body of rules spanning public and private international law which concern the rights and duties of employees, employers International labour law is the body of rules spanning public and private international law which concern the rights and duties of employees, employers, trade unions and governments in regulating work and the workplace. Issues regarding Conflict of laws arise, determined by national courts, when people work in more than one country, and supra-national bodies, particularly in the law of the European Union, have a growing body of rules regarding labour rights. The International Monetary Fund and the World Bank have indirectly driven changes in labour policy by demanding structural adjustment conditions for receiving loans or grants 9461953b1b

International Law Institute The International Law Institute offers courses which cover topics relating to national and international business, investment, and governance The International Law Institute, also known as the ILI, was founded as part of Georgetown University in 1955. transnational litigation. The ILI provides training and technical assistance for the legal, economic and financial problems of developing countries and emerging economies. Since 1983, the ILI has been an independent, non-profit educational institution serving government officials, legal and business professionals and scholars from its headquarters in Washington, D. C. To date, the ILI and its global affiliates have trained over 39,400 officials, managers, and practitioners- from 186 countries- since it held its first seminar in 1971 9461953b1b

International humanitarian law International humanitarian law (IHL), also referred to as the laws of armed conflict, is the law that regulates the conduct of war (jus in bello). It is a branch of international law that seeks to limit the effects of armed conflict by protecting persons who are not participating in hostilities and by restricting and regulating the means and methods of

warfare available to combatants. It is International humanitarian law (IHL), also referred to as the laws of armed conflict, is the law that regulates the conduct of war (jus in bello) 9461953b1b

International humanitarian law is inspired by considerations of humanity and the mitigation of human suffering. It comprises a set of rules, which is established by treaty or custom and that seeks to protect persons and property/objects that are or may be affected by armed conflict, and it limits the rights of parties to a conflict to use methods and means of warfare of their choice. Sources of international law... 9461953b1b

Environmental law As part of both national and international legal frameworks, environmental law seeks to balance environmental preservation with economic and social needs, often through regulatory mechanisms, enforcement measures, and incentives for compliance. As part of both national and international legal frameworks, environmental law seeks to balance environmental preservation with economic Environmental laws are laws that protect the environment. sustainable development. It addresses issues such as pollution control, resource conservation, biodiversity protection, climate change mitigation, and sustainable development. The term "environmental law" encompasses treaties, statutes, regulations, conventions, and policies designed to protect the natural environment and manage the impact of human activities on ecosystems and natural resources, such as forests, minerals, or fisheries 9461953b1b

Law is the set of rules and principles (laws) by which a society is governed, through enforcement by governmental authorities. Law is also the field that concerns the creation and administration of laws, and includes any and all legal systems. 9461953b1b The field emerged prominently in the mid-20th century as industrialization and environmental... 9461953b1b Since the handover in 1997, the constitutional framework is provided by the Hong Kong Basic Law, which is a piece of National Law of the People's Republic of China and has, practically, constitutional status in Hong Kong. The principle of 'one country, two systems' was enshrined in Article 5 of the Basic Law until at least 2047, which contrasts the 'socialist system and policies' and 'the previous capitalist system and way of life'. 9461953b1b
