Pollyanna was built as a private motorboat of the same name in 1900 or 1910. On 31 July 1917, the U.S. Navy chartered her from her owner, William H. Long of New York City, for use as a section patrol boat during World War I. She was commissioned at Newport, Rhode Island, on 4 August 1917 as USS Pollyanna (SP-1048). Pollyanna Pickering was born in Leeds, Yorkshire and was a wildlife artist who went on many expeditions around the world to study animals in their natural habitats. She studied at Rotherham Art School and later at the Central School of Art and Design in London. In 2008 The University of Derby conferred the honorary degree of master of the university. It was based on the 1913 novel Pollyanna and its 1915 sequel Pollyanna Grows Up by Eleanor H. Porter.

Pollyanna principle Research indicates that at the subconscious level, the mind tends to focus on the optimistic; while at the conscious level, it tends to focus on the negative. This subconscious

bias is similar to the Barnum effect. The Pollyanna principle (also called Pollyannaism or positivity bias) is the tendency for people to remember pleasant items more accurately than unpleasant ones. Johns Kimbrough also played college basketball at the University of Michigan from 1994 to 1998. She led the Michigan Wolverines women's basketball team in both scoring and rebounds for three consecutive years (1996-1998) and continues to hold the school records for career shooting percentage (.552), single-season shooting percentage (.662 in the 1997-98 season), and career rebounding percentage (9.6 per game). Concern about the manipulation of statistics also exists in the United Kingdom. For example, inflation in the price of certain essentials (such as food and fuel) is far higher than that of the published consumer price index. The more reasonable answer to this seeming conundrum is that food and fuel make up a relatively small proportion of overall average household expenditure (about 10% for food consumed at home, 5% for home fuel, 5% for car fuel). This is because although these make up a larger proportion of expenditure in a typical week, inflation consumption weights...
