"Amazingly short forms of the WAIS-R". 9: 4–15 a74d76b9c0

It combines ideas from different types of psychology to help students succeed in school. These professionals focus on both learning... a74d76b9c0

Learning disability In the United Kingdom, the term learning disability generally refers to an intellectual disability, while conditions such as dyslexia and dyspraxia are usually referred to as learning difficulties. Therefore, some people can be more accurately described as having a "learning difference", thus avoiding any misconception of being disabled with a possible lack of an ability to learn and possible negative stereotyping. When ELLs are referred for a psychoeducational assessment, it is difficult to isolate and disentangle what are the effects Learning disability, learning disorder, or learning difficulty (British English) is a condition in the brain that causes difficulties comprehending or processing information and can be caused by several different factors. growth in language and academically. Given the "difficulty learning in a typical manner", this does not exclude the ability to learn in a different manner a74d76b9c0
