Equity (law) common law, because equity has its own unique rules and principles, and was administered by courts of equity. Equity exists in domestic law, both in civil In the field of jurisprudence, equity is the particular body of law, developed in the English Court of Chancery, with the general purpose of providing legal remedies for cases wherein the common law is inflexible and cannot fairly resolve the disputed legal matter. Conceptually, equity was part of the historical origins of the system of common law of England, yet is a field of law separate from common law, because equity has its own unique rules and principles, and was administered by courts of equity b879c8a50d

Equity exists in domestic law, both in civil law and in common law systems, as well as in international law. The tradition of equity begins in antiquity with the writings of Aristotle (epieikeia) and with Roman law (aequitas). Later, in civil law systems, equity was integrated in the legal rules... b879c8a50d

Sharia prohibits riba, or usury, generally defined as interest paid on all loans of money (although some Muslims dispute whether there is a consensus that interest is equivalent to riba). Investment in businesses

that provide goods or services considered contrary to Islamic principles (e.g. pork or alcohol) is also haram ("sinful and prohibited").
Common law is deeply rooted in stare decisis ("to stand by things decided"), where courts follow precedents established by previous decisions. When a similar case has been resolved, courts typically align their reasoning with the precedent set in that decision. However, in a "case of first impression" with no precedent or clear legislative guidance, judges are empowered to resolve the issue and establish new precedent...
