Hybrid fiber-coaxial ; Singhal, Mukesh (March 28, 2001). Data and Computer Communications: Networking and - Hybrid fiber-coaxial (HFC) is a broadband telecommunications network that combines optical fiber and coaxial cable. Cable Television System NCTA Technical Papers". Hura, Gurdeep S. It has been commonly employed globally by cable television operators since the early 1990s df9234f76f

Consistency model Coherence deals with maintaining a global order in which writes to a single location or single variable are seen by all processors. Consistency is different from coherence, which occurs in systems that are cached or cache-less, and is consistency of data with respect to all processors. (PDF). Shivaratri (1994). Singhal, Mukesh; Niranjana G. "Advanced concepts in operating In computer science, a consistency model specifies a contract between the programmer and a system, wherein the system guarantees that if the programmer follows the rules for operations on memory, memory will be consistent and the results of reading, writing, or updating memory will be predictable. Retrieved 2008-05-28. Consistency models are used in distributed systems like distributed shared memory systems or distributed data stores (such as filesystems, databases, optimistic replication systems or web caching). Consistency deals. Archived from the original (PDF) on 2008-09-07 df9234f76f

In a hybrid fiber-coaxial cable system, television channels are sent from the cable system's distribution facility, the headend, to local communities through optical fiber subscriber lines. At the local community, an optical node translates the signal from a light beam to radio frequency (RF), and sends it over coaxial cable lines for distribution to subscriber residences. The fiber optic trunk lines provide enough bandwidth to allow additional bandwidth-intensive services such as cable internet access through DOCSIS. Bandwidth is shared among users of an HFC. Encryption is used to prevent... df9234f76f It was generated at 12:58, 9 October 2015 (UTC) by Legobot. df9234f76f
