Tables game Tables games are among the oldest known board games, and many different varieties are played throughout the world. The vast majority are race games, the tables board representing a linear race track with start and finish points, the aim being to be first to the finish line, but the characteristic features that distinguish tables games from other race games are that they are two-player games using a large number of pieces, usually fifteen per player. They are called "tables" games because the boards consist of four quadrants or "tables". Players roll dice to determine the movement of pieces.
