Castaway Legends of lost lands often originated as scholarly or scientific theories, only to be picked up by writers and individuals outside the academy. Occult and New Age writers have made use of lost lands, as have subaltern peoples. Phantom islands, as opposed to lost lands, are land masses formerly believed by cartographers to exist in the current historical age, but to have been discredited as a result of expanding geographic knowledge. The classification of lost lands as continents, islands, or other regions is in some cases subjective; for example, Atlantis is variously described as either a "lost island" or a "lost continent... The band's third studio album, Departure Songs, gained them widespread acclaim within the post-rock and metal scenes around the world. They have reached notable success internationally for their live performances. The band is currently signed to the Australian independent label Bird's Robe Records, which is distributed through
