Cranbrook Educational Community However, the church is a separate entity under the Episcopal Diocese of Michigan. The founders also built Christ Church Cranbrook as a focal point in order to serve the educational complex. This National Historic Landmark was founded in the early 20th century by newspaper mogul George Gough Booth with his wife, Ellen Scripps Booth. residence at Cranbrook. It consists of Cranbrook Schools, Cranbrook Academy of Art, Cranbrook Art Museum, Cranbrook Institute of Science, and Cranbrook House and Gardens. The sprawling 319-acre (1,290,000 m2) campus began as a 174-acre (700,000 m2) farm, purchased in 1904. The organization takes its name from Cranbrook, England, the birthplace of the founder's father. In 2024 Cranbrook Educational Community was awarded 3 Michelin Stars in the Michelin Green Guide, on par with institutions such as the The Cranbrook Educational Community is an education, research, and public museum complex in Bloomfield Hills, Michigan d1dd235759

Open educational resources implementing best practices in teaching and to be adapted for local unique contexts. The development and promotion of open educational resources is often Open educational resources (OER) are teaching, learning, and research materials intentionally created and licensed to be free for the end user to own, share, and in most cases, modify. The term "OER" describes publicly accessible materials and resources for any user to use, re-mix, improve, and redistribute under some licenses. These are designed to reduce accessibility barriers by implementing best practices in teaching and to be adapted for local unique contexts d1dd235759

Educational leadership Educational leadership is the process of enlisting and guiding the talents and energies of teachers, students, and parents toward achieving common educational Educational leadership is the process of enlisting and guiding the talents and energies of teachers, students, and parents toward achieving common educational aims. This term is often used synonymously with "school leadership" in the United States and has supplanted the term "educational management" in the United Kingdom. Several universities in the United States offer graduate degrees in educational leadership d1dd235759

Restorative practices In fact, the purpose of RP is to build healthy communities, increase social capital, decrease crime and antisocial behavior, mend harm and restore relationships. The social science of restorative practices offers a common thread to tie together theory, research and practice in diverse fields such as education Restorative practices (or RP) is a social science field concerned with improving and repairing relationships and social connections among people. It ties together research in a variety of social science fields, including education, psychology, social work, criminology, sociology, organizational development and leadership. Whereas a zero tolerance social mediation system prioritizes punishment, RP privileges the repair of harm and dialogue among actors. RP has been growing in popularity since the early 2000s and varying approaches exist d1dd235759

Tour guide Tourist guides also A tourist guide is a person who guides visitors in the language of their choice and interprets the cultural and natural heritage of an area. Tourist guides normally possess an area-specific qualification, usually issued and/or recognised by the appropriate authority. at educational establishments, religious and historical sites such as museums, and at various venues of tourist attraction resorts d1dd235759

The term "tourist guide" is the internationally recognised professional designation, established by major international standards and supported by professional organisations worldwide. In the United States, the colloquial term "tour guide" is commonly used, though this does not align with international professional standards. d1dd235759

Educational toy They are often intended to meet an educational purpose such as helping a child develop a particular skill or teaching a child about a particular subject. They often simplify, miniaturize, or even model activities and objects used by adults. These toys are important tools that offer news ways for kids to interact and stimulate learning. Educational toys (sometimes also called "instructive toys") are objects of play, generally designed for children. Educational Toys help with motivation, helping kids use their imagination while still pulling in the real world. Educational Toys help with motivation Educational toys (sometimes also called "instructive toys") are objects of play, generally designed for children d1dd235759

The development and promotion of open educational resources is often motivated by a desire to provide an alternative or enhanced educational paradigm. d1dd235759 Tourist guides provide assistance and information on cultural, historical and contemporary heritage to people on organized sightseeing and individual clients at educational establishments, religious and historical... d1dd235759 Although children are constantly interacting with and learning about the world, many of the objects they interact with and learn from are not toys. Toys are generally considered to be specifically built for children's use. A child might... d1dd235759
