Standard manuscript format Individual publishers' standards will take precedence over style guides. In general, a document with standard manuscript Standard manuscript format is a formatting style for manuscripts of short stories, novels, poems and other literary works submitted by authors to publishers. Even with the advent of desktop publishing, making it possible for anyone to prepare text that appears professionally typeset, many publishers still require authors to submit manuscripts within their respective guidelines. Although there is no single set of guidelines, the "standard" format describes formatting that is considered to be generally acceptable. writing standards are, and follow them

In the case of very old blues songs, there is the constant recourse to oral tradition that conveyed the tune and even the song itself while at the same time evolving for several decades. This was long before the first recording. The fact that... Many blues songs were developed in American folk music traditions and individual songwriters are sometimes unidentified. Blues historian Gerard Herzhaft noted:

Rough fish There is no standard list of rough fishes. A fish that is considered 'rough' in one region may be considered a desirable game and food fish in another, often Rough fish (or the slang trash fish or dirt fish) is a term used by some United States state agencies and anglers to describe fish that are less desirable to sport anglers within a defined region. Many of these species are actually very important in the commercial fishing industry, where they make up the bulk of commercial food fish catches in inland freshwater bodies. The term usually refers to larger game fish
