History of Los Angeles F. Sherburne F. (1971). Protestants from the Midwest and Upland South. In Heizer, R. A. & Whipple, M. The California Indians: A Sourcebook (2nd ed The modern history of Los Angeles began in 1781 when 44 settlers from central New Spain (modern Mexico) established a permanent settlement in what is now Downtown Los Angeles, as instructed by Spanish Governor of Las Californias, Felipe de Neve, and authorized by Viceroy Antonio María de Bucareli. (eds. "The Aboriginal Population of Upper California".). After sovereignty changed from Mexico to the United States in 1849, great changes came from the completion of the Santa Fe railroad line from Chicago to Los Angeles in 1885. In managing manufacturing... 63589653cb It is concerned with managing an entire production system that converts inputs (in the forms of raw materials, labor, consumables, and energy) into outputs (in the form of goods and services for consumers). Operations management covers sectors like banking systems, hospitals, companies, working with suppliers, customers, and using technology. Operations is one of the major functions in an organization along with supply chains, marketing, finance and human resources. The operations function requires management of both the strategic and day-to-day production of goods and services. 63589653cb
