73b2a9f493 Archives 73b2a9f493 2013 73b2a9f493 A good article (GA) is a Wikipedia article
that meets a core set of editorial standards, the good article criteria, passing through
the good article nomination process successfully. They are well-written, contain factually
accurate and verifiable information, are broad in coverage, neutral in point of view,
stable, and illustrated, where possible, by relevant images with suitable copyright
licenses. Good articles do not have to be as comprehensive as featured articles (FA), but
they should not omit any major facets: a comparison of the criteria for good and featured
articles describes further differences. 73b2a9f493
