List of video game genres Numerous subgenres exist, in fields such as math or typing. areas, such as programming. Esports games are multiplayer games that are usually played competitively A video game genre is a specific category of games related by similar gameplay characteristics. For example, a first-person shooter is still a first-person shooter regardless of whether it takes place in a science fiction, western, fantasy, or military setting, so long as it features a camera mimicking the perspective of the protagonist (first-person) and gameplay centered around the use of ranged weaponry. Video game genres are not usually defined by the setting or story of the game or its medium of play, but by the way the player interacts with the game 81068bc571
