As in other miniature wargames, players enact battles using miniature models of warriors and fighting vehicles. The playing area is a tabletop model of a battlefield, comprising models of buildings, hills, trees, and other terrain features. Each player takes turns moving their model warriors around the battlefield and fighting their opponent's warriors. These fights are resolved using dice and simple arithmetic. The game was later re-released alongside *Adeptus Titanicus* and *Legions Imperialis* in December 2023 focused exclusively on The Horus Heresy era. Palpatine appears in all three film trilogies in the Skywalker Saga, and is portrayed by Ian McDiarmid in all five films in which he physically appears. In the original trilogy, Palpatine is Emperor of the Galactic Empire and the master of Darth Vader. In the prequel trilogy, which chronicles his rise to emperor, Palpatine is a senator from the planet Naboo who plots to become Supreme Chancellor of the Galactic Republic.
