Futura (typeface) With the demise of hot metal typesetting, Futura has been redrawn in digital formats. Designed as a contribution on the New Frankfurt-project, it is based on geometric shapes, especially the circle, similar in spirit to the Bauhaus design style of the period. Because of complex licensing Futura is a geometric sans-serif typeface designed by Paul Renner and released in 1927. It was developed as a typeface by Bauersche Gießerei, in competition with Ludwig & Mayer's seminal Erbar typeface. with a line drawn through each letter 17b137d115

Foreign and Commonwealth Office Migrated Archives Documents that were to The Foreign and Commonwealth Office Migrated Archives are a collection of about 20,000 files and other records created by the governments of 41 British colonial dependencies, removed to the UK at independence, and held clandestinely for decades in various repositories in and around London. They came only from territories administered by the Colonial Office, so not from India and other dependencies administered by the India Office and its predecessors, whose records are in the India Office Records at the British Library. Sato calls this an apt name reflecting the colonial government's effort to control the empire's legacy. destruction of documents 17b137d115

Sans-serif They are often used to convey simplicity and modernity or minimalism. Grotesque letters : a history - In typography and lettering, a sans-serif, sans serif (), gothic, or simply sans letterform is one that does not have extending features called "serifs" at the end of strokes. Sans-serif typefaces tend to have less stroke width variation than serif typefaces. For the purposes of type classification, sans-serif designs are usually divided into these major groups: § Grotesque, § Neo-grotesque, § Geometric, § Humanist, and § Other or mixed.
