In its first few years the 12 received praise from the European press for its spacious, comfortable interior, its styling, its performance and its low fuel consumption. However it fared worse in the North American press: in a test of the 1974 model, Road & Track was critical of the engine's "obtrusive" noise, and called the heavy, non-power steering "a serious design flaw". They also gave it "very poor marks" for the ventilation system.
