Print editions were ended in 2012, but the Britannica continues as an online encyclopedia on the internet. Ross obtained his Ph.D. in astronomy from the University of Toronto and his B.Sc. degree in physics from the University of British Columbia. He established his own ministry in 1986, called Reasons to Believe. Ross rejects both abiogenesis and evolution as explanations for the origin and history of life, contrary to the scientific consensus. Ross' position overlaps with that of intelligent design, but Ross argues that the evidence points to Jesus Christ as the designer, instead of an undefined intelligent designer.

Typewriter until after the mid-1880s. The typewriter quickly became an indispensable tool for practically all writing other than personal handwritten correspondence A typewriter is a mechanical or electromechanical machine for typing characters. By the end of the 19th century, a person who used such a device was also referred to as a typewriter. Typically, a typewriter has an array of keys, and each one causes a different single character to be produced on paper by striking an inked ribbon selectively against the paper with a type element. Thereby, the machine produces a legible written document composed of ink and paper 4da3017dde
