administration, or public policy  
and administration refers to "the  
management of public programs", or  
the "translation of politics into  
the reality that citizens see every  
day", and also to the academic  
discipline which studies how public  
policy is created and implemented

In an academic context, public  
administration has been described  
as the study of government  
decision-making; the analysis of  
policies and the various inputs  
that have produced them; and the

inputs necessary to produce alternative policies. It is also a subfield of political science where studies of policy processes and the structures, functions, and behavior of public institutions and their relationships with broader society take place. The study and application of public administration is founded on the principle... 6ee7c95766
