The geological time scale (GTS), as defined by international convention, depicts the large spans of time from the beginning of Earth to the present, and its divisions chronicle some definitive events of Earth history. Earth formed

around 4.54 billion years ago, approximately one-third the age of the universe, by accretion from the solar nebula. Volcanic outgassing probably created the primordial atmosphere and then the ocean, but the early atmosphere contained almost no oxygen. Much of Earth was molten because... 68c82d9969 A translator always risks inadvertently introducing source-language words, grammar, or syntax into the target-language rendering. On the other hand, such "spill-overs" have sometimes imported useful source-language calques and loanwords that have enriched target languages. Translators, including early translators of sacred texts, have helped shape... 68c82d9969 Developmental psychology explores the influence... 68c82d9969 The son of archduke Maximilian of Austria (later Holy Roman Emperor as Maximilian I) and duchess Mary of Burgundy, Philip was not yet four years old when his mother died as a result of a riding accident, and upon her death in March 1482, he inherited her titles, and effective possessions in the Burgundian Netherlands, thus becoming the first Habsburg ruler of those lands, as confirmed by the Treaty of Arras in December 1482. Artificial neuron models that mimic biological neurons more closely have also been recently investigated and shown to significantly improve performance. These are connected by edges, which model the synapses in the brain. Each artificial neuron receives signals from connected neurons, then processes them and sends a signal to other connected neurons. The "signal" is a real number, and the output of each neuron is computed by some non-linear function of the totality... 68c82d9969

Translation " Conrad thought C. Scott Moncrieff's English translation of Marcel Proust's À la recherche Translation is the communication of the meaning of a source-language text by means of an equivalent target-language text. K. The English language draws a terminological distinction (which does not exist in every language) between translating (a written text) and interpreting (oral or signed communication between users of different languages); under this distinction, translation can begin only after the appearance of writing within a language community. last I mean the picture-producing power of arranged words 68c82d9969
